To ren-der this truth more obvious to the public, and to place competition at a still greater distance than it yet has been, the Proprietor will commence a new volume at the beginning of the year very considerably enlarged and improved as regards its Typographical and Pictorial ap-pearance, and the Literary reputation and interest which will be introduced into its columns. In this latter respect the first number issued in January, will convey a speci-men of the zeal with which the Proprietor will prose-cute his anticipated alterations! It will be printed on a Double Sheet twice the dimensions of any paper issued in Philadelphia—will contain all the choicest effu-sions of the English and American Annuals for 1840! and will comprise Sixly four columns of close pint, presening as much reading matter in one paper as would fill a large Octavo Volume, and a variety of original prese and poetical contributions will be selected for publication on this occasion—besides, there will be introduced from Ten to Twenty Engravings illustrative of the most interesting topics which will be here brought together. The Publisher will commence the year with an IMMENSE EDITION, in anticipation of the extensive increase which will take place in his Subscription List -and he again renews his request to those who contemplate forwarding him their names, to do so at once, that he may enter them in the Mail Books in proper order, to prevent confusion or the possibility of any mistake in transmitting the paper promptly to every one as soon as it comes from the Press!
